

Holy Trinity ART

A Creative Narrative

The Story of an Artist

This year with Mrs Kovac students Pre K thru 5th will engage in a journey of storytelling through Art. Students will create their narrative focusing on creative expression that is sure to delight your senses.

Project based learning is our curriculum approach in art class. We focus on the development of ideas, skills, creative objectives and creative thinking. Creative expression is an opportunity for students to build confidence, make new connections with the world around them and encourage new and creative ideas.

This year in art a visual narrative will be created through engaging and exciting projects. Students will practice a variety of art mediums, visual art standards and techniques as they continue to explore their individual style and creativity. Our artists are proud of the work they do in art class. They can't wait to share it with you!

Save the Date: Art Show May 19th, 2019

**We are learning
divergent and
creative thinking
skills**

**We are building
empathy,
tolerance,
acceptance and
love.**

**We will enter the
world as creative
thinkers and
problem solvers!**
