Bishop Montgomery High School

Loyola High School

Mary Star of the Sea High School

St. John Bosco High School

St. Joseph High School

St. Monica High School

Servite High School

“My wife and I had six children attend Holy Trinity School. Each of our six children left Holy Trinity well prepared for high school (Bishop Montgomery, Loyola, Mary Star of the Sea), each left with a great fundamental knowledge of what it means to be a Catholic, and each felt safe and secure at Holy Trinity. If we were new parents about to make the decision as to where to send our child to school, it would be Holy Trinity School.”

Albert P. DiRocco, Jr.
Gilbert Kelly Crowley & Jennett LLP

“Holy Trinity School provided our four children an excellent Catholic education that prepared them well for academic success at their Catholic high schools and colleges (Mary Star of the Sea High School, Loyola High School, University of San Francisco, and Loyola University of Chicago).”

Doane Liu
Chief of Staff for Joe Buscaino and
former Deputy Mayor, City of Los Angeles

“I have two sons who have graduated from Holy Trinity School. Holy Trinity really prepared them spiritually as well as academically to be confident to take on high school. The teachers at Holy Trinity are excellent. The administration is very organized, open-minded, and hands-on. The athletic program offered so many sports! Kids were encouraged to do their best, no matter what, and to be good sports. Being part of Holy Trinity, and the family environment helped shaped my kids for the rest of their lives.”

“My father was in Holy Trinity’s first graduating class. My five siblings and I all attended Holy Trinity, and my wife Connie and I have chosen Holy Trinity for our five children. Holy Trinity educates the whole child, enriching students academically, morally, spiritually and socially. Connie and I are especially thankful that our children have been well prepared for the next phases of their education. Our daughters were enabled by their Holy Trinity and high school educations to attend the University of Notre Dame and Loyola University of Chicago. Our boys were ready at graduation and are now thriving at Loyola High School. This is the norm: Connie and I are always impressed with the children at Holy Trinity and thankful that they are all so well prepared for the challenges and opportunities that lay ahead of them.”

“With 17 years of experience ranging from a recent graduate of Loyola University Chicago to an incoming kindergartener, I can confidently say that Holy Trinity School does a superior job in fulfilling their goal of educating the minds and spirits of our children. I use the term “our” in the broadest sense of the word as Holy Trinity School is indeed a family. This feeling of family not only permeates the school building, but also encompasses the individual families that are associated with our school. I feel very fortunate to be able to send my children to such a fine school and am so proud to be a member of the Holy Trinity family.”

Diane C. Sizgorich, D.D.S.

“My son Joseph received A+ in two of his first semester courses at U. C. Santa Cruz. This was made possible with patience and compassion that was shown to him during his time at Holy Trinity. The faculty nurtured Joseph and helped him to develop a strong academic discipline that allowed him great success at Loyola and now at U.C.S.C. Once again, the administration and faculty have our deepest thanks...”

Some of my fondest memories are of my time spent at Holy Trinity. What became instantly apparent to me was the spirit and sense of family and community at HT. I believe attending HT helped lay the foundation for my life today. There was a special feeling of pride, togetherness, camaraderie and collective desire to excel and achieve -and that spirit continues today! Even after 37 years, there is something very special going on there! The coming together of many dedicated individuals, including the administration, faculty, staff, clergy, coaches, and parents are at the core of the HT experience - everyone working in unison to educate the kids. I also believe that a Catholic education adds a solid foundation to the scholastic experience and is important for the overall development of a child - morally, spiritually, physically and socially, allowing the kids to grow and prosper in a well rounded manner. Simply stated, HT has been and continues to be a very involved community working for the betterment of its students by allowing them to achieve in a very positive environment.

“As parents working in technical/engineering professions, we greatly appreciate the focus that Holy Trinity places on both mathematics and the sciences. Our three children have participated in science fairs, after school science clubs, laboratory experiments, and advanced mathematics courses. Through the strength of Holy Trinity’s curriculum, each of our children has expanded their horizons and is consistently testing at higher grade levels. This has become even more apparent after our eldest daughter recently earned straight A’s following her very first semester at Bishop Montgomery High School. We are proud of our children and realize that their successes are in part a testament to the educational quality and preparedness level instilled by the Holy Trinity staff. We know in our hearts that choosing a Holy Trinity education was the best decision we ever could have made for our children and their future.”
